

Michigan Buggy Builders Show & Swap Meet

The Midwests Largest VW & Off-Road Swapmeet

Sunday March 31st, 2019 at the Lansing Center

Join thousands who turn spare parts into cash

Or find deals on what you need!

All in one day at the Lansing Center

Get ready for another great show! The Michigan Buggy Builders VW & Off-Road Trade Show and Swap Meet will be celebrating its 38th Annual event on March 31st 2019. Be sure to mark your calendars now, and you can also flip to Page 3 inside this newsletter for more details about the location event hours, and how to reach us for additional information.

This year's event is already shaping up to be bigger and better than last year, with many of the same vendors registering early, and we have a few new sponsors. We hope you also take advantage of the large crowds that attend the show by reserving a booth to sell your used parts and spares. It's always a good time!

You can count on getting many good deals from our sponsors, other businesses, and individuals that support this event. One of the reasons many of the attendees tell us they come to the show each year is because there's always something new to find from the private sellers. Who knows what treasures are hiding inside someone's garage, until they bring them to the Buggy Builders swap meet.

The Michigan Buggy Builders Show began as a simple swap meet, and it evolved into a "trade show" after a few years when some of the local manufacturers and larger businesses began setting up booths. The show has continued to grow with professional booths and a full line of new products, but you can also scrounge around and find lots of rare "garage finds" that people bring from their private collections.

What makes this event unique is that it takes place in a professional "trade show hall." The show is held in the three main halls at the Lansing Center, in downtown Lansing, MI, and this is a one-day event. People ask us why the doors do not open to the public until after 10 a.m. The reason is that we are not allowed to open to the public until the vendors have moved their vehicles out of the building. So, if you want to enter the show halls early, you will need to purchase a spot. The prices are fair and you can share a spot with your friends.

Ask anyone and they'll tell you this is a great event and it's always well worth the price of admission. We do everything we can to make it fun for spectators, as well as people with selling spots. So, if you have any additional questions or if you're thinking of getting a spot for the first time, we encourage you to call now before we sell out. We hope you join us for another successful event.

www.buggybuilders.com - 517.402.1303
info@buggybuilders.com - P.O. Box 189 Mears MI 49436

EXHIBITOR REGISTRATION FORM

SELLING & SHOWING SPOTS: The size of each space is 10-feet wide by 12-feet long for \$80.00. Two people will be admitted free per spot. 2 more passes can be purchased for \$25.00 each, which are for people that will help set up your booth. You will receive one vehicle pass for each space rental. This will allow one car or truck with trailer to enter the Lansing Center. This means you will need to have all your stuff in one vehicle NOT 2 or 3. If everything is not inside one vehicle, you will have to unload outside and carry everything inside. Friends who want spots next to each other need to be in line together before entering the building.

DEADLINE FOR PURCHASE of extra worker passes will be March 15, 2019. Make sure you have all that you need by then. We will not sell any after that date, and you can not purchase any at the door, unless arrangements have been made by phone for will call.

TABLES are \$15.00 each for a 8-foot table, plus a \$50.00 deposit that will be returned at the end of the show when you turn in your table. (\$50.00 deposit applies whether you rent 1 or 15 tables). Table rental is not required, but offered as a convenience.

CHAIRS are \$5.00 each to rent, or you can bring your own.

ALL SPOTS are reserved in advance by full payment. After March 15, 2019 any available spots will be \$85.00 each. There will be no refunds after March 15, 2019. Remember, this event sells out every year. To insure you receive a spot, sign up early!

A **CONFIRMATION LETTER**, your Exhibitor Tickets, and the Vehicle Passes will be mailed to you.

ELECTRIC for show or selling spots is \$60.00 for up to 3 plugs that you plug into the Lansing Center.

SHOW CLASSES: Unfortunately, due to limited interest and a decline in Show Car entries, we will not have a Car Show at the event this year. Exhibitors are encouraged to bring display vehicles, and there will be several off-road cars and vehicles of all types on display. However, we will not be presenting trophies at the event for custom vehicles this year. Please contact us if you have any questions.

For any questions regarding registration or exhibiting at the show, call us at (517) 402-1303

ALPHA MOTORSPORTS

FULL SERVICE SPEED SHOP // ENGINE BUILDING // MUSTANG CHASSIS DYNO

INTRODUCING THE LSALPHA!!

This is our 430 CI Small Block designed for the hardcore enthusiast who wants big reliable power without the big price-tag. We rate this setup for 850HP and 800 TQ on E85 and 775HP and 725HP on 93 pump with a compression ratio of 10.5:1. This monster features the slick Trick Flow CNC GENX 255 cylinder heads, complete with 448 lb. springs, and TI retainers.

Coupled with a fully billet K1 crankshaft, K1 forged H-beam rods, and custom Wiseco forged pistons [fully blueprinted and balanced] you'll be able to pound your competition into the street, strip, or sand!

THE BASE PACKAGE INCLUDES THE FOLLOWING:

- GM Block
- Computer & Harness
- Oil Pan
- Coil Packs & Wires
- Holley Tall Valvecovers
- Alternator, Water Pump, Belt Tensioner
- ZL1 Fuel Rails, AN Fittings & 1000cc Injector Dynamic Injectors
- ZL1 Supercharger Lid w/ -10AN fittings
- Stock ZL1 Throttle Body
- Custom AFI Camshaft
- Chromoly Trend Performance Push Rods
- Chromoly Keepers
- Double Spring Titanium Retainers
- Stainless Steel Valves
- CNC Ported 6 Bolt GENX 255 Cylinder Heads
- Forged K1 Crankshaft
- Forged K1 Connecting Rods
- Forged Wiseco Pistons
- LSA Re-manufactured Supercharger
- LSA Intercooler
- UPD Billet High Performance Pulley System
- UPD High Performance Harmonic Balancer, Crank Pulley Kit 10.00"
- ZYP 2.6" Upper Pulley w/ Modular Pulley System
- Nitrous Outlet LSA Stainless Steam Port Cross- Over Kit

RAW POWER

INTRODUCING THE NEW ALPHA FAB 2.5 LCV ECOTEC SWAP COMBO!!

(see photo on inside top right)

Rated at 240HP, this is the most powerful Ecotec engine solution to date! The 2.5 liter Direct Injected EcotecLCV engine has a compression ratio of 11.3:1., uses variable cam phasing, and has a much higher flowing head than the previous Ecotec versions. This engine puts out 240 hp at 6400 RPM's and 230 ft-lbs of torque. This engine meets S.C.O.R.E., S.N.O.R.E. and M.O.R.E. class 5 and 10 engine regulations. All external components listed in the base package below are brand new.

AFI STAGE III LCV ECOTEC SWAP COMBO INCLUDES:

AFI 2.5 Ecotec LCV DIRECT INJECTION VVT Engine w/ all needed sensors, USED crate engine equivalent, bench tested, race prepped, cleaned, assembled, and AFI QC

AFI Stand-Alone Engine Harness & OE ECM System, OBD2 compliant, configured for electronic drive by wire throttle

All needed electronic sensors [coils, cam sensors, knock sensor, VVT, etc.], fuel rail & injectors

AFI Billet Adapter Plate & Flywheel [8" or 9"]

AFI Drive By Wire Pedal

AFI MAF Sensor [needed for harness]

AFI Air Filter kit w/ MAF housing

DW Feeder Fuel Pump [250 LPH]

Russel Pre and Post Fuel Filters

Aeromotive Fuel Pressure Regulator

AFI Billet -6AN fuel rail adapter

GM 120 AMP Alternator

Gates Micro-V Serpentine Belt

All parts & accessories installed!

OPTIONS INCLUDE:

1. Power Steering Bracket w/ modified bosses: \$300
2. Sweet Power Steering Pump: \$240
3. Ceramic Coated Header: \$600
